E 186 Garvit Jain...

Hello Sir,

This is Kavita Jain, Garvit Jain's mother from KANPUR, UP. This msg is just to give feedback about his coaching classes. As in this session all subjects are new, he was a bit scared of ACCOUNTS. He find himself in difficult to understand this subject. But since the day he started taking classes from PARAS Institute he started taking interest in accounts. He appreciate teaching style and seems satisfied with it. Now accounts turned into an interesting subject. I think this is only because of easy, interesting and systematic teaching style of his teacher.

Thanks and regards
