Hello.

YESTERDAY

I, Prachi Panchal, practicing for CA INTERMEDIATE (Both group Nov20). I have studied my Foundation from PARAS and now I am studying my intermediate also from here. I doesn't change the institute bcoz I felt that the found in PARAS is can't be found anywhere. All our teachers are experts in their subjects as well they treat us like their friends not as just students. Being a student of commerce I was familiar with Accountancy but in foundation I came to know the Accounts with logics not just as line of stones just bcoz of our Surender Sharma Sir. While Law is new for me in

foundation and Audit is new in intermediate but our CA Gorav Bansal Sir makes it easier and simpler to learn. Gorav Sir teaches us by making cartoons that just easy to learn. Now I want to share my experience of taxation subject. Lots of students are afraid of taxation subject don't know why? At PARAS, taxation is teach by Dushyant Jain Sir. He makes tax so easy for us. Dushyant Sir makes all the concept of Direct Tax and GST so easy and friendly for our mind to learn. Sir makes the tax very intresting subject for me. I am very glad to be the student of PARAS. I feel that my future is secure here.
