**P**aras Institute is an incredible CA Coaching Centre in the world. It not only provides conceptual subject knowledge but also helps in developing mental attitude which helps students to face all practical life problems.

Paras institute works in a systematic manner which consists of concept building, regular homeworks, weekly test and final mock test which result in brilliant performance of students.

Continuous support of Paras Institute made me so competent that I cleared all CA exams from CPT to CA final easily. After my parents, Credit of my success goes to Paras institute. Millions of thanks to it.
