

CA Yatin Jain

Self Employed

Distt. Rohtak, Haryana

Paras institute of commercehelped me not only to find out my caliber but also to reach at that level where I am todayYes !!! that's the institute that helped me to prefix the two prestigious letters prior to name CA.....The best parts are the contribution of every teacher that helps in motivating and inspiring student to study and test schedules....if you seriously follow it.. I am sure (with my experience) that IPCC groups are easy to crack Personal attention to every student in CA coaching at this level is not possible. But only Paras institute of commerce brings out Paras (Sorcer stone) from the mines of coal.....
