I have had the great pleasure of being a student of Paras Institute. Faculty's untiring support helped me consistently excel in course. I give my credit for passing CPT and IPCC exams in first attempt only to Paras Institute because the support which they were giving during situation like when we feel tensed or dull or not confident had boosted me very much.

The mock test series after completion of syllabus & weekly test series after completion of chapter helped in revision and self analysis in an effective & efficient way. They provides good strength to face final exams with confidence & Fearless.
